NEW PROMOTIONS— MARCH 1, 2017

Cindy Ewert

Director, AB Upline: Micheline Millar

Leadership Seminar helped me to realize the importance of setting goals. Writing them down and seeing them every day pushed me to the next level; promoting to director. The added income was definitely a bonus. I credit my success to God, my supportive husband, the leadership advice of my director, hard work and determination. Believing in yourself and not letting the no's get you down is the path to success. Success doesn't always come easy, but if you don't give up, nothing can hold you down. I'm working towards achieving Hawaii and paying off our line of credit. I'm inspired by my team and their resolve to achieve success.

Alyssa MacDonald

Director, AB Upline: Stacey Sandulak

I joined Pampered Chef to do my sisters bridal shower as well as my own. I now want Pampered Chef to be my primary income and directorship is the first step. I focused all of my energy into my business, and my leaders kept me accountable and helped my succeed. I use social media to promote my business, post recipes and suggest Pampered Chef products to use. I want to grow my business by sharing this amazing business opportunity with everyone. My goal is to earn Director Plus and attend New Director Academy in April. In the next year I would like to become Advanced Director

Arlene Reimer

Director, MB Upline: Krista Labossiere

Helping others discover the freedom that comes with a Pampered Chef business helped me to promote to Director. The support and care from this amazing company helped me and my team to achieve our goals along the way. I love the products and helping others get their hands on them is rewarding. My advice is to just ask everyone you meet, don't write anyone off. My goal is to keep growing and make enough money to stay home with my newborn son. One of my happy moments are seeing the joy and success that my team is having and how its helping them to achieve their goals.
